Dear Brent,

Please find enclosed photos of AARC's Sport Court and a testimonial below.

"The Alberta Adolescent Recovery Centre (AARC) had the Sport Court installed 10 years ago and it has been an outstanding asset to our sports program. Not only is it durable but it is multifaceted and the kids love it. From a budgetary point of view, it is also extremely cost effective."

As ever,

A handwritten signature in black ink, appearing to read "Dr. F. Dean Vause". The signature is fluid and cursive, with a large loop at the end.
