October 9, 2003

Dear Brent,

On behalf of Alberta Volleyball, I want to thank you and Sport Court for the outstanding service and expertise we have received. In the past 3 years Alberta Volleyball has purchased 14 Sport Court floors for use at our Canadian Open National Championship. With over 200 teams competing it's by far the largest and most successful volleyball tournament in Canada.

For six years since the Canadian Open's inception we have had a tremendous amount of positive feedback from athletes, coaches, parents and spectators regarding the flooring. Our athletes especially love it due to the clearly defined boundaries and the cushioning that the floor gives them to reduce the impact on their knees and ankles. They feel that they have made it to the "Big Leagues" when they walk into the Olympic Oval and see all the Sport Courts.

In addition, the ease of setup and takedown enables our volunteers a minimum amount of time to set up the event. The ease of transportation has allowed Alberta Volleyball to rent our courts out to inline hockey, volleyball, wrestling, and even sport aerobics. Two of our courts were also used in the Western Canada Summer Games this past summer in Winnipeg for the volleyball and wrestling venues.

The key component for Alberta Volleyball is the impact the Sport Court floors have on our young volleyball athletes. We feel that the Canadian Open, the Olympic Oval and the Sport Court floors combine to make a lasting impression on the athletes at the age when they tend to pick one sport to specialize in. Our growth in all the age categories is a testament that this tremendous event has "hooked" them into playing volleyball for life!

Sincerely,

Terry Gagnon  
Executive Director  
Alberta Volleyball
