

Hey Brent,

Being a sports fan, I figured now would be as good a time as any to put in a court for my family this summer. Brent at Sport Court Alberta came highly recommended from some Stamps alumni, and he didn't disappoint. His team allowed me to look at multiple options before settling on a 35X55 foot court. Work was done on time and we have been using our court to fill in our free time during this crazy year. There is a reason that people think Brent and his team are the best in Canada, and I have proof of that with my Sport Court. I couldn't be happier with how it turned out.
