From: Golden Village Lodge Golden, BC www.goldenvillagelodge.com

We have had the sport court installed for over a couple of weeks now and we love it! My boys have been on the court every day and have been playing roller hockey non stop. The best part of this court is we are spending quality time together. The tiles are strong and were able to handle my two young sons and 14 Jr B hockey players. This winter we will try and flood the rink and try skating on top of the tile. Given the first few days of frost and how the tiles have handled the climate I feel very confident that our sport court will be up to the challenge. The court is amazing and I highly recommend this product.
