

ROUND Net Pole
(Removable)

SQUARE Net Pole

SPORT COURT

Multi-Use Nets & Poles

One net can provide many uses on any court size. Set it at court level for tennis or pickle ball. Or simply put it higher on the net poles for volleyball and badminton. It's perfect for both that summer picnic atmosphere and a competitive match.

Nets and poles come in a variety of different configurations to accommodate any size court. Net poles can be stand-alone units or they can be integrated into light poles and basketball poles. The choice is yours.
