Overdrive Dance Force St. Albert, AB www.overdrivedanceforce.com

We can't say enough about our flooring that we purchased from sport court. We currently have 4 studios with their flooring and we have received nothing but compliments about them. They had many colors to choose from which went exactly with our color scheme and the floors are gorgeous to look at it. These floors are fantastic for all genres of dance and is very safe on our dancers growing bodies! Customer service was fantastic!
