

Letter of Reference

March 29, 2007

The Sport Court that Brent installed in our backyard has been a great playground for our two children (two boys 3 and 4 yrs) and also for myself. We spend many evenings hitting tennis balls against the rebounder, shooting baskets and playing lots of street hockey. In fact I had one of my buddies over one night and we played some short court tennis and he asked jokingly if you have to be a kid to get a Sport Court installed.

We love it, use it lots, and would never go back to grass. My kids would cry for days!

The installation went smooth and timely and we have no issues with maintenance. I highly recommend it to anyone who likes sports and being outside.

Sincerely,

**Paul Dame
