Dear Brent,

March 29, 1999

Peace Hills Adventist Academy has been very satisfied with the Sport Court we put in last fall. We use it for a number of different events with the school and church, such as volleyball, roller hockey, fellowship lunches, etc. Every one enjoys playing on it and we don't find it hard to keep clean.

The other thing we have found with Sport Court is, we had a cracking and heaving problem with the cement floor. We are very pleased with the way the underlay and the tile covered it up. Plus the fact that if we ever have a problem we can just pop out a portion of the tile without it being a hassle .

It was good dealing with you. You had no surprises when it came time to settle our account. You held true to your pricing even with the Canadian dollar the way it was.

Thanking you once again.

Red Schaefer

*Sincerely yours,
Brian Hartman*
