Attention: Brent Marinos

We just wanted to send you this note on the tremendous impact that your Sport Court system has had on our co-curricular offerings here at the University of Toronto.

Sport Court has been a wonderful addition to Varsity Arena during the summer months and it has provided a home for the Ontario Volleyball Association's Provincial team programs to train at our campus.

With a full summer to institute new programming this summer, the additional facility will allow us to operate additional intramural leagues, camp programs and will help bring in some needed rental income.

Brent, you were a pleasure to deal with. With an order as big and as complex as ours was, some of the small details can often get overlooked. Your approach and guidance through the process was much appreciated by everyone.

Sport Court will benefit many University of Toronto students and Ontario High-Performance athletes for years to come.

Best Regards,
